

The logo consists of a stylized, dark green lowercase 'f' and 't' joined together. The 'f' has a curved top and a vertical stem, while the 't' has a horizontal crossbar and a vertical stem that extends slightly below the 'f's stem.

Hudson Highlands Fjord Trail

This is one of the Fjord Trail project's central goals. The Fjord Trail will move hikers out of the Village along a designated and safe route, and diffuse use along a 7.5-mile trail with six main entry points – five of which are north of the Village. New and clear wayfinding signage, as well as dedicated staff and/or volunteers at key locations during peak usage could also help direct folks away from neighborhoods and onto the trail.
