

# Hudson Highlands Fjord Trail

Yes. Some visitors will come from the north and never make it to Cold Spring. Many visitors, especially first-timers, will make a beeline to the HHFT Visitor Center at Dutchess Manor, where there will be ample off-road parking, staff to welcome and orient them, restrooms, food, water, and other amenities available. Only those that choose to shop or dine at Village businesses or explore the Village specifically may want to drive down Main Street, but with the planned HHFT shuttle and three Metro-North train stations convenient to the trail, they won't need to.
