

Feedback and debate have informed the plans for Fjord Trail from its earliest days as a local idea to solve the traffic and congestion issues on Route 9D. HHFT has held dozens of public forums and small group working sessions and given many municipal presentations with Q&A sessions, where staff have answered questions candidly. We continue to offer informal meet-ups twice monthly to answer questions and hear ideas. It was great to see you at a recent Sunday Chat, David, and we hope you'll come by again soon! We encourage everyone to check out our [events calendar](#) for upcoming opportunities to share your perspective.
