

Hudson Highlands Fjord Trail

Since there is no HHFT parking proposed west of Lunn Terrace, wear and tear from hikers arriving by car will not be an issue (HHFT will encourage all Fjord Trail users to park in designated parking areas north of the Village and either enjoy a walk along the main trail to the Village or take the shuttle). The shuttle van is only planned to stop at the Cold Spring train station once an hour to accommodate those who arrive by train and wish to ride the shuttle to points north. In any case, the bridge over Lunn Terrace is within the purview of the municipality, DOT and likely MTA, not HHFT.
